

NORTHWOOD

Spring Shorthorn Sale

SATURDAY, APRIL 28, 1962

CARY, ILLINOIS

AWARDED TO
OTTO H. GROOSE
NORTHWOOD BLUE HEATHER
SHORTHORN FARMS
CARY, ILLINOIS

OCTOBER 21, 1961

IN RECOGNITION AND GRATEFUL
ACKNOWLEDGEMENT OF HIS
UNTIRING EFFORTS IN BEHALF
OF THE SHORTHORN INDUSTRY.

HIS COURAGE, FAITH, CONFIDENCE,
PROMOTION, ADVERTISING AND THE
PRODUCTION OF THE HIGHEST QUALITY
BEEF SHORTHORN CATTLE
HAS BEEN AN OUTSTANDING AND
VALUABLE CONTRIBUTION TO THE
SHORTHORN BREED

PRESENTED BY
SCOTTISH SHORTHORN BREEDERS ASSOCIATION
ALEC ANDERSON, PRESIDENT
PERTH, SCOTLAND

On the front cover . . . the head
of BAPTON PIONEER, senior stock
bull at Northwood Farm.

*Above . . . Plaque presented to Otto H.
Grosse by the Scottish Shorthorn Breeders
Association on October 21, 1961.*

Welcome to Northwood

We will be honored to welcome you to Northwood on April 28. We trust the weather will be beautiful and that you will find it possible to come a few days early so you can enjoy roaming through the pastures, seeing the great cow herd and the many promising calves.

Last Fall, Northwood met its first challenge and the Shorthorn breeders of the world gave us their answer. They showed their appreciation of the kind of cattle we offered. The news of the Northwood sale spread throughout the world.

All your good wishes have been a great inspiration to us, knowing that we had the entire Shorthorn industry behind us. The future of the Shorthorn business is greater today than it ever has been in history. I knew four years ago when I bought that first little white heifer that something could be done to give the Shorthorn business its rightful place in the beef industry. Every year I have become more fascinated with this challenge . . . and the more I found out about Shorthorns and Shorthorn breeders, the more money I was willing to invest in buying outstanding cattle to support my conviction, faith, and trust in this industry.

We had expected to have a large sale this coming fall, but many people came looking for cattle. We did not want them picking over our future offering, nor did we want to tell them to wait ten months, so we decided upon a Spring sale. Another big factor in our decision was that so few top sales were being held this spring . . . and we were told by many leading breeders that sale activity was important to breed growth.

However, a Spring Sale, we knew, would cost us some fine females which we could not spare, but we pledged ourselves to the success of the Shorthorn business and therefore have sacrificed a group of females for this auction that should never leave any farm. We believe sincerely that our bulls are superior to any group that has been offered in a single sale anywhere in the world in recent years. The highest quality Shorthorns, which you had hoped some day to own, are no longer years away . . . they are right here at Northwood and offered to you on the following pages.

Support our association. Our Secretary, Pete Swaffar, is the greatest. Let us back him up in every way by breeding more Shorthorns, better Shorthorns, and doing a better job of telling the Shorthorn story to the ranchers of the world. Don't delay your herd improvement. Make up your mind to do something about it today.

My wife, Edna; my son, Bud; myself, and all the people here at Northwood are proud to be a part of the Shorthorn business. We wish you and yours all the success in the world in abundance.

Otto H. Grove

This great white cow is Millhills Pauline 11th, a member of the Northwood herd. Her bull calf is Northwood Chieftain. Otto Thiede & Sons, Burnton, Nebraska, bought this calf for \$4,000 on their way home from Canada last October. Ed and Earl Thiede are shown with Otto Grosse.

Northwood Marches On

No one in the huge crowd of some 1,500 people attending the Northwood Premiere Shorthorn Sale last October will ever forget this thrilling experience. One of the largest crowds ever to attend an auction of any breed, it contained cattlemen from all over the world.

For many it was their first visit to Northwood, and naturally some came out of curiosity, wondering what they would see. After they saw the cattle there could be no doubt in anyone's mind that not only was this one of the greatest sale offerings of all time, but that they also had seen one of the greatest cow herds and herd bull batteries in the history of the breed.

Records fell. The \$2,482 average was the highest for a Shorthorn sale in the United States since the record breaking Edellyn sale of 1953 . . . and, it should be re-

membered that the Edellyn average was made on just 34 lots, while Northwood sold nearly twice that many, 62 lots. Furthermore, no animals at Northwood were dropped at the end of the sale in order to maintain a high average. As a matter of fact, the Northwood sale got stronger as it progressed.

The Northwood Premiere offering included the nineteen first sons and daughters of Bapton Pioneer . . . a most uniform, high quality group that sold quickly to leading herds. Following such an occasion, it would only be natural for a breeder to relax, momentarily at least, and rest on his laurels. Such is not the nature of Otto Grosse. Within days of this highly successful sale it was announced that he had purchased another outstanding herd in Scotland. This was the Islabank herd, acknowledged everywhere to be the classiest small herd

of the breed. It had been founded in 1956 on Millhills females from the Rosewood, Blood Royal and Scottish Buttercup families. Over half the females in the herd had been prize winners at Scottish shows.

In February, Northwood closed the deal for the purchase of the entire Findowrie herd in Scotland.

The home of Otto and Edna Grosse.

"We consider this one of the two best herds in Scotland," commented Grosse. "There will be about 75 females and a large group of good bulls. Many of these had been entered in Perth, but we withdrew them because they are the kind we want to bring over and sell to good herds here. We have refused all offers on them. One of the most prominent breeders in the United States told us that he felt the young red bull at Findowrie was the best bull in Scotland, and when we bring the herd over we could just drop him off in his front yard and there would be no quarrel about price."

The Findowrie herd is headed by Naemoor Dreadnaught, full brother a year older to the 1962 Perth reserve supreme champion. The herdsman at Findowrie, Mr. Petrie, is a son of the old Millhills herdsman and when Findowrie was founded five years ago it was done so on tops from the Millhills Dispersion.

Northwood has now purchased five entire herds in their building program. In addition to the two herds secured since last Fall, Grosse has purchased a number of other top females in Scotland.

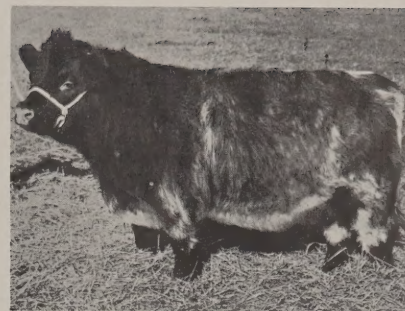

Without question, the greatest single acquisition in Shorthorn history was Northwood's purchase of the entire Glastullich herd in Scotland from William MacGillivray.

About 180 females were added through that transaction. No herd in the world enjoyed a finer reputation. Its produce has been distributed to every corner of the globe. William MacGillivray was a breeder . . . not a trader . . . and never parted with a female he needed to keep.

The Future

Speaking at the opening of the Premiere Sale, Barry Coward, president of the Hudson's Bay Company (established in 1620) honored Otto Grosse for his position in the mink industry, and stated, "I know nothing about cattle, but Otto has promoted the mink industry throughout the world on a magnificent scale which has benefited every mink farm and every auction in the world. I believe what Mr. Grosse has done for the mink industry, he will do for Shorthorns."

Not yet four years old, the Northwood Shorthorn herd now numbers 432 head of registered Shorthorns at Northwood and more in Scotland. More important is the strong quality position. The cow herd, the herd sires, the calves by Bapton Pioneer, have been praised by experts from all over the world. The many visitors to Northwood are not confined to Shorthorn breeders alone. This dynamic project has attracted the interest of people in all phases of livestock agriculture — educators, feedlot operators, large commercial cow

Islabank Queen Jean, typical of the great females Northwood acquired through the purchase of the Islabank herd in Scotland last year. She was the Reserve Supreme Champion at the Perth Summer Show, 1957.

and calf producers, owners of other breeds of cattle. One recent visitor, owner of huge feedlot operations in Illinois and in the Southwest, put it this way, "I didn't know there were Shorthorns like these, and if your breed can produce this kind, there is no limit to the market for them. We have always preferred feeders with Shorthorn blood and have paid higher prices to get them."

Mr. Grosse believes in getting out and doing the work . . . not waiting and hoping someone will do it for him. Some member of the Northwood team . . . Otto, Bud, or manager Howard Bell . . . makes a supreme effort to get to every breed sale, show or field day. In addition, they are continually mak-

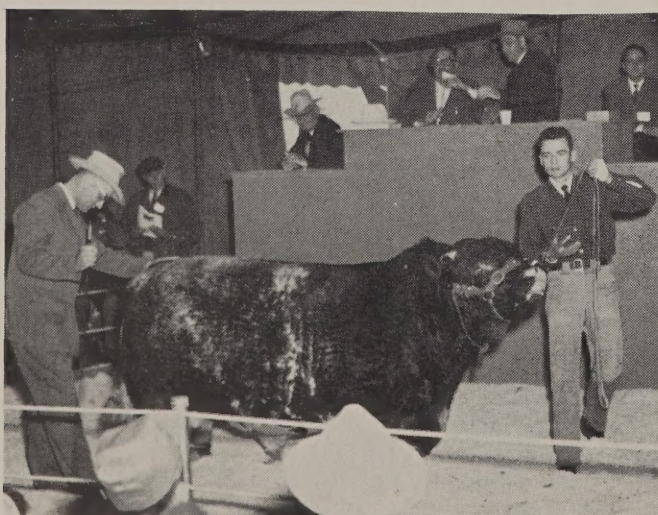

A few of the cows from the great Glastullich herd of Scotland, one of five herds purchased in their entirety by Northwood.

A portion of the younger Islabank heifers being loaded for shipment to quarantine.

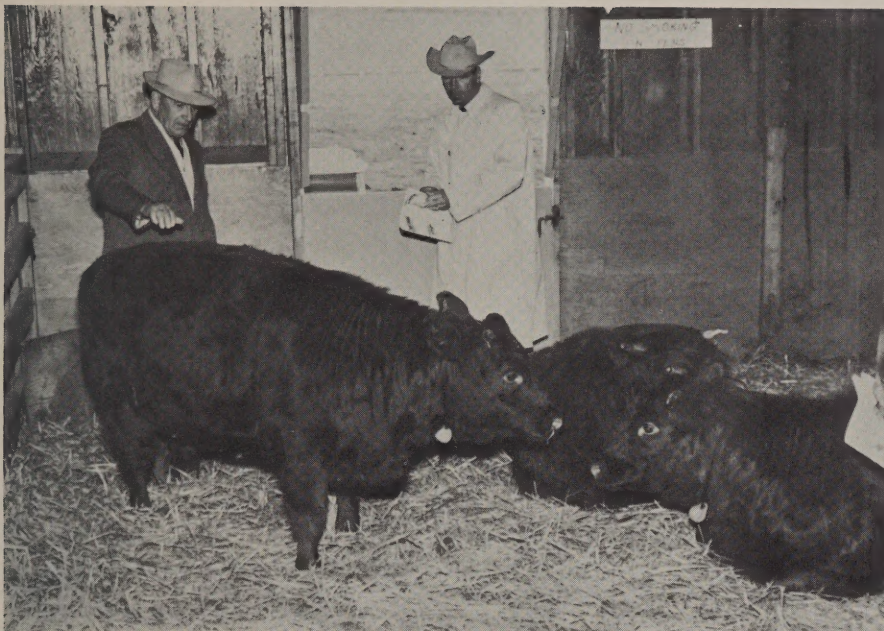

Top selling bull, Northwood Premiere Sale, was Northwood Pioneer Crown, right, sold for \$9,000 to De Marco Farms, Cary, Illinois.

Going through the Northwood sale ring is Glastullich Sunshine. He was purchased for \$7,200 by John and Emile Cammaert, Rockyford, Alberta.

ing new contacts among people who are interested in the registered business and others who are principally interested in commercial cattle production. "We have a superior product in Shorthorns," stated Grosse "and Northwood is going to do everything humanly possible to help breeders everywhere create a market for their Shorthorns that will be better than their fondest hopes. This cannot be haphazard. It must be done with outstanding cattle. We must cover every phase of the livestock business . . . from the cow and calf producer straight through to the packer."

Otto Grosse believes a part of this effort must come in making outstanding cattle readily available. "That is the reason for two sales a year at Northwood. Of course, it hurts to sell some of these females, but we have saved daughters, full sisters, etc. We believe another big 'gathering of Shorthorn breeders' at Northwood will provide a further stimulus to the Shorthorn business."

Left: Bill Cruikshank, Ringwood, Illinois, and John Shuman, Deertrail, Colorado, look over some of the females that sold in the Northwood Premiere sale last Fall.

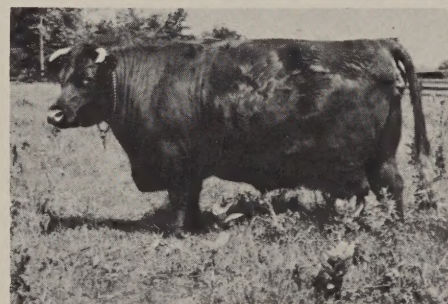

Helmor Arnella, typical of the good cows acquired in the purchase of the Helmor herd.

Gibbonsdale Lucky Broadhooks, a famous Northwood brood cow. A son sold for \$5,000 in the Northwood sale and a daughter brought \$5,100.

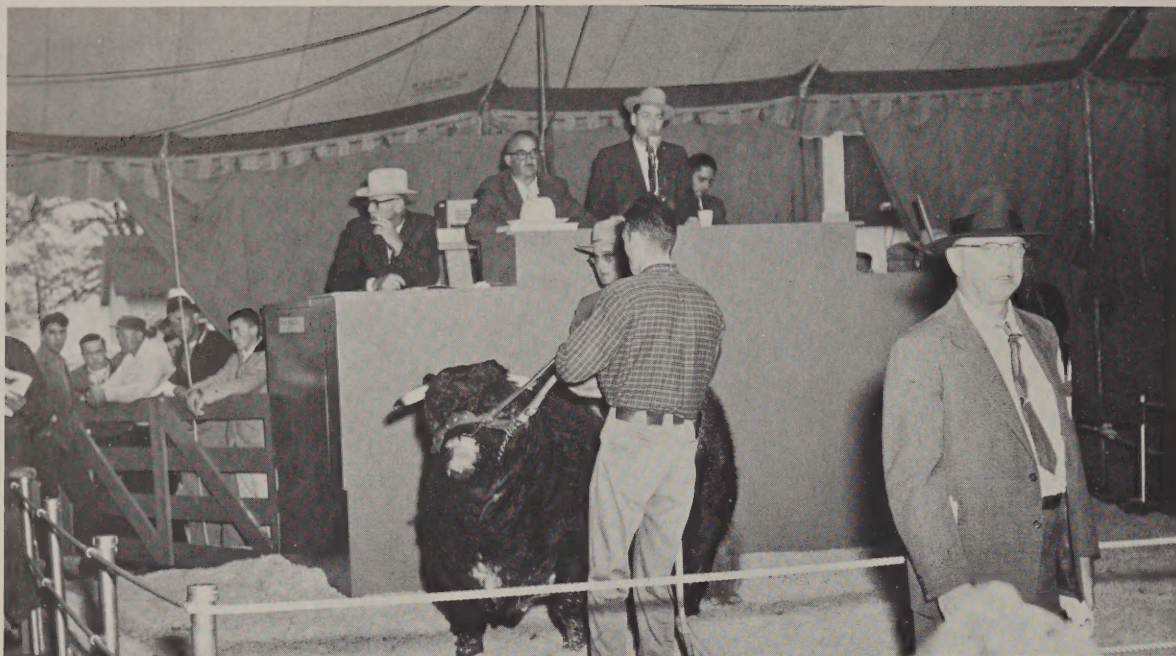

Burnton Eliza 6th shown winning one of her many championships. This cow, three daughters, and two granddaughters were purchased by Northwood in Scotland. Alex Anderson, breeder, is at left.

Silverglen Flossy Roma 5th. She came to Northwood with the purchase of the entire Gardiner herd in Canada.

Otto Grosse gets ready to carve a Shorthorn beef buffet dinner for guests at a Northwood open house held in 1960.

Glastullich Sunshine, being sold at the Northwood Premiere Sale last Fall. He was purchased for \$7,200 by Emile and John Cammaert, Rockyford Stock Farm, Rockyford, Alberta, Canada.

GENERAL SALE INFORMATION

Don't Miss Any of the Fun - - -

You can't see everything at Northwood in a few hours sale day morning. Plan to arrive on Thursday or Friday for a leisurely view of the herd and sale cattle. Cocktails at 5 p.m. Friday. Shorthorn beef dinner follows. Lunch at the farm Saturday will begin at 11 a.m.

It will be another of the greatest "gatherings of Shorthorn breeders" — so be sure not to miss it.

TIME AND PLACE — The sale will be held at Northwood Farms, Saturday, April 28, 1962, starting promptly at 12:30 p.m. Northwood is located three miles north of Cary, Illinois, and approximately 40 miles northwest of Chicago. It is 18 miles north of Elgin. From the junction of Rts. 176 and 31, go south one-half mile on Rt. 31 to first road leading east. Signs will lead you to Northwood. Northwood is about a half hour's drive from O'Hare Airport, the main Chicago airport. Cary is located on Rt. 14.

MEETING YOU — To avoid confusion, we are designating a central place to meet all visitors who will need transportation to the farm — Henrici's O'Hare Inn near O'Hare Airport. This is just a five minute ride from O'Hare by cab. The size of the O'Hare terminals makes this step advisable. If possible, please advise us of your arrival time in advance. If not, call the farm and we will meet you at Henrici's O'Hare Airport Inn lobby. It is easy to get to O'Hare from downtown Chicago or Midway Airport by airport limousine or helicopter to O'Hare.

FARM PHONE — Cary, Illinois — Day: **MErcury 9-3801**; Night: **MErcury 9-3805**.

MOTEL RESERVATIONS — There are many excellent motels in the area. Advise us when you will arrive and we will be happy to make motel reservations for you. We urge you to write us about this as early as possible in order to provide you with the best possible accommodations and in the same motels as the others attending the sale.

GUARANTEE — All cattle in this sale will be sold under the Standard Guarantee of the American Shorthorn Association. In addition, Northwood makes the further guarantee of all females as breeders **regardless of their age**. Certificates of registry and transfer will be furnished with each lot sold. All cattle become the property and risk of the buyer as soon as bid off. However, every effort will be made for their care. Be sure to leave shipping instructions with Howard Bell, Manager.

HEALTH — All cattle will be sold to comply with the requirements of the State of Illinois. Health certificates will be furnished. Official calfhood vaccination of heifers is a policy at Northwood.

TERMS — The terms of the sale are cash. All settlements to be made with the clerk at the conclusion of the auction and before the animals leave the premises.

BREEDING DATES — A list of breeding dates will be supplied at the sale. All females far enough forward in calf will be pregnancy examined. Announcements from the auction block supercede any written material.

LIABILITY — The guarantee and terms shall constitute contract between Northwood Farms and the buyer of each lot. Northwood Farms and its owners can accept no responsibility for accidents that may occur. Accidents at cattle sales are rare, but all attending must assume their own risk. Neither the sale manager nor any of the others hired by Northwood to assist with this sale can accept any responsibility for accidents or fulfillment of contracts.

— Free Delivery —

Northwood will deliver all purchases made in this sale free of charge, at a convenient date after the sale, to central locations in all parts of the United States. Insurance from date of sale is to be furnished by the buyer.

No man in the annals of Shorthorn history has ever made a greater impact upon the Shorthorn business in the first few years of his herd's existence than has Otto Grosse. The judgment of his efforts was made on October 21, 1961, when nearly 1,500 cattlemen from practically every state, province and many foreign countries, jammed into the Northwood sale arena for the Premiere Sale. It was a successful sale, establishing the top average of the year in the United States. More important, this writer did not find a single person who was not in complete agreement that it was a great sale offering and that an even greater cow herd and calves could be found in the Northwood pastures.

In December, I pointed out to Mr. Grosse that there were practically no major Shorthorn sales of the top breeder type in the late spring of 1962 . . . a time of the year when normally the sale schedule features an abundance of top cattle. I told him this was a concern to many of the people who were involved in breed promotion. Such sales stimulate interest and optimism, create the desire to improve, and are responsible for new herds coming into the business. Otto's reply was, "Then I guess it's up to Northwood to have a Spring sale."

Fortunately, he had an outstanding group of young bulls coming on. Since the herd numbered over 400 head, as far as a female offering is concerned, it was just a matter of how big and how good he wanted to make it. I have watched the selections being made for this sale. I know you will be thrilled for Northwood has filled the offering with the kind that should be staying in the herd. An unusually large number of cows will sell with calves at foot . . . nearly thirty. This will give breeders an opportunity to buy in April, run the calf with its dam on grass during the summer, have two good sized animals for the one investment by Fall and the cow well along in calf again . . . three for one combinations. On these cow and calf combinations, Northwood is offering re-breeding privileges on all of the cows.

The bulls . . . deep, heavy boned, good headed individuals . . . are the kind worthy of the consideration of the strongest herds. The entire offering is made up of the quality only rarely offered . . . and the kind that can fortify your future success in the expanding Shorthorn business.

**DON LONGLEY, The Shorthorn World,
Sale Manager**

Visitors enjoying a Shorthorn beef dinner at Northwood the evening before the Premiere Sale last Fall.

THE SALE STAFF

MAIL BIDS — Those unable to attend and who desire to take advantage of the buying opportunities in this sale may send buying orders to any of the following qualified men, all of whom will be in attendance . . . or to any of the personnel at Northwood.

— REPRESENTATIVES —

C. D. Swaffar, Secretary, American Shorthorn Assn., Livestock Exchange Bldg., Omaha 7, Nebraska.
Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Illinois.
Mervin F. Aegerter, The Shorthorn World, Seward, Nebr.
Bill Stunkel, The Shorthorn World, 16 So. Locust St., Aurora, Illinois.
Ted Aegerter, Fieldman, American Shorthorn Assn., Seward, Nebraska.
C. K. Tomson, Harding & Harding, Geneva, Illinois.
Ed Huff, Livestock Breeder-Journal, Culpepper, Virginia.
Lyle Eiten, Corn Belt Dailies, Union Stockyards, Chicago 9, Illinois.
R. G. Heine, Fieldman, American Shorthorn Assn., 3860 S.W. Archer Rd., Gainesville, Florida.
H. W. Walker, 3906 East 71st St., Indianapolis 20, Indiana.

— AUCTIONEERS —

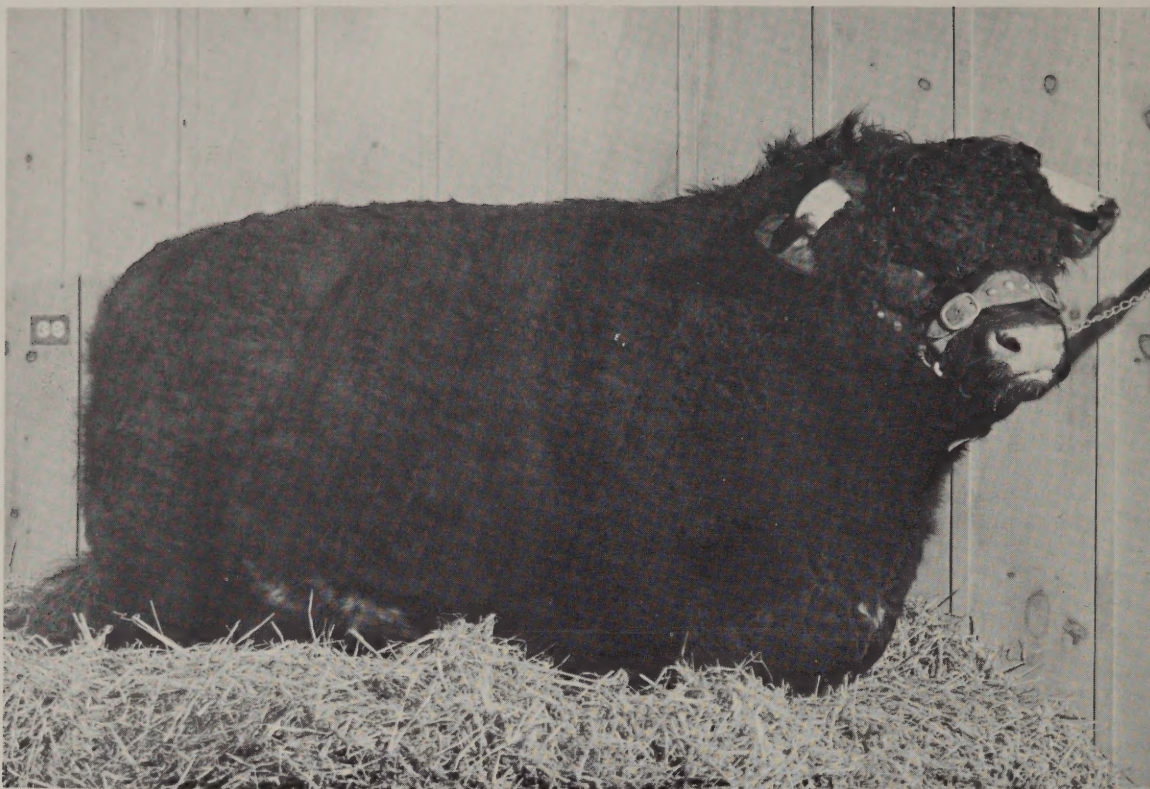

Dick Kane, Wisner, Nebr. **Don Smock**, Whiteland, Ind.
 Assisting in the ring: **H. P. Miller**, Danvers, Illinois; **Harvey Neiderhisar**, North Liberty, Iowa.

SALE MANAGER — **Don Longley**, 16 So. Locust St., Aurora, Illinois

These men may be reached at the same addresses given above or within 24 hours of the sale by calling them in care of Northwood Farms.

Left to right: Northwood Augusta 4th sold in the fall sale for \$2,400 to Henry Dietz & Sons, Wakeeney, Kansas; Glastulich Princess Belinda, topped the sale at \$6,200; and Northwood Clipper, selling in this sale as Lot 54.

The dam of Bapton Pioneer is Bapton Mavis Crocus, without question one of the greatest cows of the breed. She was purchased for 1,500 gns. at the Bapton-Glamis sale and came to America carrying her first calf in dam, Bapton Pioneer.

Her second calf, a year younger, Louada Masterstroke, sold at a high price privately to Maclyn Plantation, Albany, Georgia. Her third calf was Louada Masterpiece, \$15,000 top-selling bull of the 1961 Louada sale, going to Sr. Carlos Duggan of the Argentine. She now has her fourth calf, an outstanding heifer.

Every great sire must have an outstanding mother. We are mighty proud of the dam of Bapton Pioneer . . . and her breeding record. There is no stronger line of females in the Bapton herd.

BAPTON MAVIS CROCUS

Many expert cattlemen have told us that as a beef individual Glastullich Victor is a bull without an equal. Now, with his first calves on the ground, we have the evidence that he is stamping every calf with this great thickness and spread. Northwood Victor Royal, his son selling, is one of the best bulls we have produced at Northwood.

We certainly wanted to hold the influence of Bapton Balmoral. Glastullich Victor is the son we selected to carry on. He came from the same calf crop as Glastullich Garrison, the son of Balmoral that we sold to Bapton for \$22,500; and Glastullich Sunshine, sold in the Northwood Premiere Sale for \$7,200 to Emile and John Cammaert, Rockyford, Alberta.

Study this bull's makeup carefully. Note his tremendous spread from end to end, his deep bulging quarters, his great spring of rib, his deep natural fleshing . . . all places

where many, many Shorthorns need improvement . . . that is why we consider Glastullich Victor such an important bull for the breed.

Bapton Balmoral was originally purchased at Perth by Duncan Stewart of Millhills for 2400 gns. At the Millhills Dispersion he was purchased for 5400 gns. by Captain John MacGillivray of Calrossie and William MacGillivray of Glastullich for use in these herds. After two very heavy seasons he was sold privately to Mr. J. Davies, South Australia.

Roths Queen Clyde is a full sister to the famous Westdrums sire, Erimus Emeritus.

Glastullich Paloma is a grand roan cow by Calrossie Highland Monarch, the well known stock bull at Glamis, sire of Perth champion groups.

Glastullich Rosewood Robin is the result of a carefully planned mating by the master breeder William MacGillivray, taking what he described as "perhaps the sweetest cow in the herd," Glastullich Rosewood Rapture, and mating her to the famous Bapton Roan Robin.

After the purchase of the Glastullich herd it was necessary for us to establish a herd in Scotland, which we did at Boghead. Naturally we wanted to leave a great young bull with these valuable cows and it was Mr. MacGillivray's suggestion that we leave Glastullich Rosewood Robin.

There are about a dozen calves at Northwood now by this bull. Three great young bulls in the sale are by him. You will also see several standout heifers that money could not buy from us, and several younger calves. Every calf by Glastullich Rosewood Robin is outstanding.

We wanted to keep one of these three red bulls as a herd sire at Northwood, but a great white son of Glastullich Rosewood Robin out of the dam of Glastullich Sunshine is in transit now.

HEADED WEST FROM NORTHWOOD . . . the most valuable load of bulls ever put into one truck are shown being loaded at Northwood to be delivered by Northwood to purchasers in the first Northwood sale held in October. This precious shipment left on November 1 to go west to the top cattle breeders of the nation.

Ask The Man Who Owns Them . . .

Cleveland, North Dakota

Dear Mr. Grosse:

I would like to report that Northwood Pioneer Merit is doing just great. He is an easy keeper and a fast gainer. He has fleshing, smoothness and thickness in abundance with hair soft as silk. He is a good breeding bull and I am confident that he will transmit these characteristics to his calves with the same prepotency as Bapton Pioneer.

You can tell everyone for me that they can buy an animal at Northwood and be confident that that animal will increase in value with each passing day and will produce calves better than themselves and that takes in a lot of territory.

I know that you have the best two herd bulls in the world and that they are being mated to the highest quality herd that hard work, time and money can materialize.

Your warm hospitality has made me and many others think of Northwood as their home away from home.

Keep up the good work and stop by when you are anywhere near here.

Sincerely yours,
Roger Williams

Edson, Kansas

Dear Mr. Grosse:

We were pleasantly surprised at the high caliber, thrifty and real good bulls and females that were presented in your last Sale and the great cows roaming in your fields. The bull we purchased, Northwood Pioneer Chief, is real well

balanced, low set and he is just the bull we have been searching for, for a long time.

Wishing you future successes,

Sincerely,
Paul Kurt

Waxahachie, Texas

Mr. Grosse:

Mains White Cavalier, bought in your October sale, is now in service. We are running him with some P.R.I. heifers sired by imported Kair Canute, by Calrossie Crocus Count. He is looking better every day and attracts lots of attention from folks who pass by Arden Acres on Interstate Highway 35E.

The Shorthorn cattle business should feel a definite sense of gratitude to you and your associates at Northwood Farms. The many good cattle you have assembled and your production program are focusing more interest on our breed from North American cattlemen, as well as breeders from other nations.

Your industry, your enthusiasm, your aggressive merchandizing, and your never-failing integrity are adding impetus to this Shorthorn cattle business.

Here's hoping your April, 1962 sale is even better than that of last October. Cordially,

John W. Arden

Hills, Minnesota

Dear Mr. Grosse:

We received your publicity for the next sale. We wish to state we are more than pleased with our good bull. He has

a real good back line, smoothness and fine fleshing qualities. He has heavy bone, can walk and has good feet. Above all, we appreciate the continued Northwood interest in our purchase which we have never before experienced.

Ruud Bros.

Rio, Wisconsin

Dear Otto:

Our bull is here and well settled and we are real pleased. He is settling heifers well and he is growing and developing even better than he looked at sale time. We feel extremely lucky to get such a great bull and all the good cattle men agree with us. I never saw so many good cattle at one time in my life. We will be at your sale in April. Regards.
Otto G. Johnson

Wakeeney, Kansas

Dear Mr. Grosse:

We were very much impressed with our first visit to your farm. You have definitely established on of the top Shorthorn herds in the nation. We were very much impressed with the cattle you have assembled at Northwood. After seeing all the fine cattle you have, we felt that a bull from your herd would do a tremendous job for us.

Glastullich Clarence, which was our first purchase from Northwood, is definitely the top bull we have ever had. Since our purchase of Clarence, over fifty cows have been pasture mated to him. The bull has stayed in excellent condition. Our first calves are due to

They Came, They Saw, They Bought Now This Is What They Say . . .

arrive in March. Many people have offered fine comments about the bull.

We feel that we have the best son of Bapton Pioneer in the purchase of Northwood Pioneer Blanco in your last sale. The bull is developing tremendously. We have selected a group of females to breed to this bull this summer. With the tremendous bone, head, rear quarter, and balance this bull has for his age, we feel that he will develop into one of the top bulls in the country.

We wish you the best of luck in your coming sale. It is our belief that any cattle purchased from Northwood will be a credit to anyone's herd.

Henry Dietz.

Rockyford, Alberta

Dear Mr. Grosse:

We started last year looking for a herd bull that could put our Shorthorn herd out in front. We went from place to place travelling thousands of miles to find a herd sire. We received the Northwood catalogue, we studied the pedigrees and it was agreed with my family that we would make a trip to Northwood and see what they had.

We were pleased to find the bulls we needed. First, we selected Glastullich Sunshine and then we had several other bulls that would have filled in. We are pleased with Glastullich Sunshine. When they unloaded him at Calgary, he looked even better than at the Sale . . . thanks to Northwood and his host who have looked after all the details in shipping.

May we hope that you will continue to produce such Shorthorns as you have on Northwood Farms. They are good size, strong bone and good fleshing qualities. We will be pleased some day to return to Northwood and get females or another herd sire.

Yours truly,
Emile Cammaert

Hannibal, Missouri

Dear Mr. Grosse:

Glastullich Ultramar has settled down very well. We are proud of him and expect to come to your next sale to buy females to match him.

Dr. Glenn Miller

Lindsay, Okla.

Dear Mr. Grosse:

We are more than pleased with our selection of Glastullich Dean for our next herd bull. We definitely feel our

future is secure with the Dean bull working for us. Our greatest regret is that I didn't bring home a group of Pioneer daughters also. You can count on me being at your next sale.

Buel Riley

Baraboo, Wis.

Dear Mr. Grosse:

We are very happy with our Pioneer bull. All the neighbors have come around to see him and think we made a grand choice.

Schwartz Bros.

January 10, 1962

Harrisonville, Missouri

Dear Mr. Grosse:

Northwood Banker Domain has done very well and has grown a lot. We appreciate the good treatment we received and the way you do business.

Richard Karst

Kanorado, Kansas

Dear Otto:

First I thought that \$7,500 was a lot of money for a bull . . . but after having Glastullich Regal all winter, seeing the great job he is doing settling our females and how he has continued to grow and put on flesh, we feel buying this Northwood bull is the best thing that has happened to us since coming into the Shorthorn business. We will breed all the females we can to him. I'll be looking forward to seeing you at your Spring sale.

Bluford Kellner

Mullinville, Kansas

Dear Mr. Grosse:

My wife and I want to thank you for the courtesies extended to us when we attended your sale last October. While I have never visited Scotland, and only was privileged to be at Northwood on sale day, I can honestly say that I have never seen as many really outstanding bulls and females assembled at one place.

Too, we feel quite proud to have been able to buy the first animal offered in your first sale. Northwood Adventure was the bull we wanted to team with our Louada Chancellor, a bull which is closely related to Adventure, and after seeing him and his great mother, we were even more convinced that he would further strengthen our herd. Everyone who sees Adventure is overwhelmed at his near perfect conformation. We were

more than pleased with the way the bull looked after his long haul to the farm and the best we can tell he is doing a remarkable job of settling the cows. As you might expect, we have high anticipation as we look forward to his first calves, for we sincerely believe we have one of the best bulls in the Shorthorn business.

Would like for you and your family to visit us should you be in this area.

Clarence H. Ralstin

Charlotte, Iowa

Dear Mr. Grosse:

Bomber is doing real well. He is putting on weight. We received the pedigree certificates and the semen certificate and pictures. We were glad to hear from you.

James P. Lanaghan

Cary, Illinois

Dear Otto:

Pioneer Crown is more than fulfilling his name. His great development of bone, his grand head, his great body which is filling out to tremendous proportions. He really is the grandest animal we have seen and we have attended most of the sales since our purchase of him. We are also very pleased with the heifers and cows we purchased. The calves we have received out of Pioneer seem to all give the same promise as the great bull we have. Every female produced a live calf and even the heifers had no problems calving. Our one good Clipper cow produced twin calves.

Pat De Marco

Haigler, Nebr.

Dear Mr. Grosse:

Northwood is doing what I would like to do. That is making available to North American breeders the best of the Scotch Shorthorns and building a reputation of good judgment, honesty and sound promotional practices. Northwood has already established themselves as leaders in the Shorthorn industry. Their selection of quality cattle to be imported for sale, as well as to be used in their own breeding program, has given the North American Shorthorn breeders a much needed boost. "Congratulations."

I believe that my bull has more quality and breeding behind him than could have been purchased anywhere else.

Yours truly,
Hurlbut Graves

Glastullich Augusta Aileen, dam of Northwood Victor Royal, is a member of one of our very strongest Glastullich families.

NORTHWOOD VICTOR ROYAL — His dam is one of the very best Cruggleton Balmoral females that came with the Glastullich herd. Certainly one of the strongest female families to come from Glastullich. We have three daughters of Glastullich Augusta Annis in the herd and she is also still in the herd. This is the first son of Glastullich Victor and the first to be offered for sale. Victor will be one of the nation's top sires. His production proves it.

Glastullich Augusta Annis is the dam of Lot 17 and the
 favorite cow on the farm, of many of our visitors.

N W ROSEWOOD TORMENT — A son of Glastullich Rosewood Robin, the bull that heads our herd in Scotland. Every Rosewood Robin calf is outstanding. He is being used heavily over there and we will breed about 80 females to him this year. Moreover, this outstanding calf is out of the great cow Glastullich Augusta Annis, the favorite cow of many visitors to this farm.

Glastullich Princess Erin, dam of Lot 19, was also dam of Glastullich Dean that sold in our fall sale at \$4,600 to Phil Riley, Lindsay, Okla.

NORTHWOOD ROSEWOOD JET — A son of Glastullich Rosewood Robin that is sure to please the most critical breeder. His dam, an outstanding daughter of Cruggleton Balmoral, is the mother of Glastullich Dean, the bull that sold to Phil Riley, Lindsay, Oklahoma, for \$4,600 in the Northwood Premier sale last Fall. This bull has all the qualities of his brother plus more growth and bone because he did not have four months in the quarantine station.

NORTHWOOD COURTESY — This excellent bull is sired by Louada Ceremonious. He was the calf that was at the side of Easterlovat Gloria when we bought her for \$3,800. We had the misfortune of losing him after getting only a few cows bred to him. A full brother, Northwood Robinhood, was sold by Northwood for \$5,000 to Curtiss Candy Farms. Note also that Northwood Courtesy is out of one of those good breeding cows by Cruggleton Purvis, \$20,000 half brother to Calrossie Welcome.

Left: Easterlovat Gloria, the \$3,000 dam of Louada Ceremonious, sire of Northwood Courtesy.

Right: Helmor Lucy, dam of Lot 20, one of those great daughters of Cruggleton Purvis.

NORTHWOOD PIONEER DUNBAR
Sells as Lot 3

NORTHWOOD PIONEER FORTRESS
Sells as Lot 1

N W PIONEER PRESIDENT
Sells as Lot 9

BAPTON PIONEER

Shown here along with Bapton Pioneer are eleven of his sons and daughters. Note the uniform excellence . . . character . . . wide, deep bodies . . . the wealth of natural fleshing. The Pioneers have size for age and are great gainers. They are the kind popular with good cattlemen everywhere.

The proof of any bull is his calves. The proof

of any bloodline is the consistency of its quality. In the Northwood Premier Sale every son and daughter of Pioneer old enough to sell, except one, was in the sale. Not a single son of Bapton Pioneer has been steered. He does not sire the kind that need to be hidden behind the barn. There can be no doubt but that he is the greatest and most consistent sire in the breed today.

Five Bapton Pioneer daughters sold in the Northwood Premiere Sale.

NORTHWOOD PIONEER MAJOR
Sells as Lot 2

NORTHWOOD PIONEER APEX
Sells as Lot 6

NORTHWOOD VILLAGE GIRL 2d
Sold in the Northwood Premier Sale for \$3,200
to Tempel Farms, Wadsworth, Ill.

NORTHWOOD CLIPPER 4th — A top daughter of Bapton Pioneer out of a great producing family. A half sister to the dam, Northwood Clipper, also sells and is another of the best in the sale. Bred to Glastullich Victor.

NORTHWOOD CLIPPER RITA — One of the best families of the breed. The dam is a twin sister to the \$6,200 top female of the Northwood Premier Sale last Fall purchased by Dr. W. E. Mauer, Deerfield, Illinois. Bred August 6 to Bapton Pioneer, examined and pronounced safe in calf.

HELMOR BEAUTY 57th — We have had great success with daughters of Cruggleton Purvis and have many of them in the herd. Here is one of the best. She was the dam of Northwood Pioneer Scout, one of the first sons of Bapton Pioneer, and a bull that we sold privately to E. W. Davidson & Sons, Americus, Kansas. She is also the dam of Northwood Pioneer Apex, one of the best young bulls in this sale. Should calve before the sale to Bapton Pioneer.

Willow Lee Village Girl is the dam of Lot 33 and also of Lot 4. A daughter, shown on page 17, sold in the fall sale at \$3,200 to Tempel Farms.

NORTHWOOD VILLAGE GIRL — A stylish, thick, deep Kair Ranger daughter out of one of our best producing cows. A maternal yearling sister by Bapton Pioneer sold for \$3,200 in the Northwood Premier Sale last Fall to Tempel Farms, Wadsworth, Illinois. A son of Willow Lee Village Girl is one of the best young bulls in the sale and we are keeping another daughter in the herd. Bred Oct. 9 to Bapton Pioneer, examined and pronounced safe in calf.

FONTANA PRINCESS GRACE — A grand young cow that is doing an excellent job. She has a daughter selling in the sale and a very promising young bull in the barn that will be brought out this Fall. These Cromleybank Princess Royals are great breeding cattle. Sells with a dark roan bull calf at foot by Glastullich Victor and dropped Feb. 2, 1962.

SILVERGLEN VIOLET — Here is a beautiful heifer from the same great family that produced Strathmore Duthie Violet, Royal Winter Fair grand champion, and her twin sister, Strathore Collynie Violet, Royal Winter Fair reserve grand champion and dam of Louada Elation. We are keeping a daughter of Silverglen Violet in the herd so we feel that we can spare her for this sale. Should calve before sale day to Bapton Pioneer.

Northwood Augusta 4th, daughter of Lot 40, sold in the fall sale at \$2,200 to Henry Dietz, Wakeeney, Kansas.

MARELLBAR AUGUSTA 21st — Another great producing cow of outstanding conformation. A daughter of Marellbar Augusta 21st sold for \$2,400 in the Northwood Premier Sale last Fall to Henry Dietz & Sons, Wakeeney, Kansas. Note that she is out of a great Saltoun cow. We are keeping a top daughter by Northwood Adventure, else we would not consider selling this valuable breeding female. Sells with red bull calf by Bapton Pioneer, dropped March 28.

NORTHWOOD VILLAGE GIRL 3d — One of the best open heifers that will sell anywhere this year. She is by Bapton Red Robin that sold at Perth in 1960 for \$12,000. Her granddam produced Northwood Village Girl 2d that sold for \$3,200 in the Fall sale to Tempel Farms. Sells open with breeding privileges.

Bapton Red Robin, purchased by Northwood at the Perth, Scotland, Show & Sale for \$12,000. He is sire of Lot 41 and several other outstanding young cattle in this sale.

Honored guests, fellow cattle ranchers: On the foregoing pages we have tried to acquaint you with our operation here at Northwood, our accomplishments, and what we are offering.

You will see by studying this catalog, the money we have invested and the effort we have put forth to offer you animals of quality, strength, and with pedigrees that will insure the additional success for which you have been striving. We have travelled miles, spent time and money, to help build the Shorthorn industry to its rightful place. We have imported more good females from Scotland in the last three years than the entire beef world put together. Many times we have paid more than they were worth, but we knew that their potential worth and strength when put into the American herds would build a strong and profitable future for us.

When you see and study the great group of bulls we are presenting, you will notice the bull offering this year is much stronger with better pedigrees, more spring of rib, bone, and fleshing qualities than last season. I have seen every Perth Champion in their classes and the Supreme Champion for several years, but I will agree with many people from every portion of the world who have been here recently, *that we are offering better bulls than Perth has offered for a long time . . .* bulls that will stamp their quality into your herd. Our bulls are not fat. They have struggled through snow drifts every day this winter. They are fed and bred to fulfill the demands you will place upon them this spring.

When you see the great cows we are offering, I am sure you will realize this is another sacrifice on the part of Northwood. You will admit we have no right to build up such a cow herd and sell these cows and calves at this time. I am selling this great bunch of cows and calves to help you and me meet the challenge which, when properly met, will give every Shorthorn breeder in North America a great increase in returns and future security for himself and his family.

Our group of young heifers, several of which are imported, are the grandest quality and structure you have ever seen . . . the kind which would be awfully hard to find anywhere in the world. They are mated to Pioneer and Victor and will be an attractive addition to any herd. Their strength and character and the qualities of Pioneer and Victor will give you great herd foundations.

As mentioned before, we are again giving you a far reaching guarantee. To date, every bull sold in our sale last year has settled cows satisfactorily and every report is a great reward and encouragement to us. Above all, every female, due to date of this writing, has produced a live, strong, vigorous and healthy calf. In fact, one of our highest priced cows produced a beautiful set of twins, live and healthy.

In closing, we cordially invite you to stop by during your summer vacation. Every day is open house at Northwood. We send our good wishes and kindest regards to all your folks at home. We hope to see them next time. We know that you will have success with Northwood cattle. Even before they were born they were fed to be good, strong, healthy individuals and during their growing time, they were never crowded or burned out with high powered feeds. Many of our females live out in the snow in an open gravel pit all winter. Our bulls had lots of exercise, and, therefore, they will be fertile and settle and produce vigorous calves. We have done everything in our power to present to you a great offering of Shorthorns.

Wishing you and yours good health and the best of the world in abundance.

Otto H. Grosse

Edna and Bud

Three great roan bulls that sold in the Northwood Premiere Sale. Left to right, Glastullich Sunshine, purchased for \$7,200 by Emile and John Cammaert, Rockyford, Alberta; Glastullich Regal at \$7,500 to Bluford Kellner, Kanarado, Kansas; and Northwood Pioneer Crown, \$9,000 to DeMarco Farms, Cary, Illinois.

*Let us move forward together as one force,
breeding quality, strength, and confidence.
. . . The whole world is waiting for better
Shorthorns. . . With this single purpose
in mind, our breed will advance and go
forward and be recognized by every animal
breeder in the world as the Greatest Breed
of Beef Cattle.*

NORTHWOOD, PIONEER and VICTOR TOGETHER WITH THE FABULOUS COW HERD, are changing the entire Shorthorn history, building strength and quality that will make Shorthorns the most sought-after beef animal in the world. - - This is the statement of great cattle feeders and ranchers from the southwest, verified by leading Shorthorn breeders throughout the world.

NW Pioneer Rocket, born March 10, 1961. A good, heavy, deep, red bull out of a great Clipper Jewel cow from Chomleybank Clipper Jewel 28.

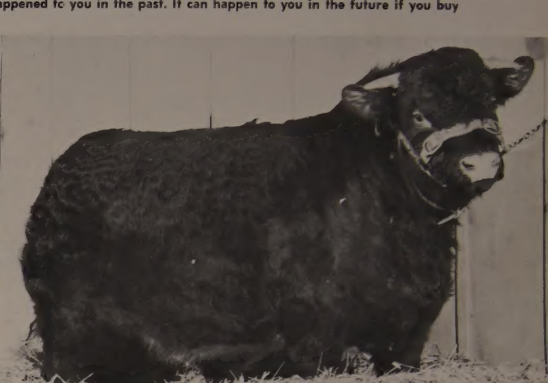

NW Victor Royal, born March 27, 1961, imported in dam. His sire is Glastullich Victor. His dam is Glastullich Augusta Aileen from Glastullich Augusta Annis by Calrossie Highland Pride. This is the bull that created a great sensation at our October sale. He was just a big, young calf and everybody saw what Victor was going to do. In fact, today he is even more promising than last year. A bull calf with the greatest rear quarter and the greatest prospect of being a herd sire. The first son of Glastullich Victor ever offered. Be sure to look at his mother, his grandmother, and his great grandmother, and you will see what a foundation this bull can be.

NW Pioneer President, born February 6, 1961. A beautiful young, dark roan bull also from the famous Floss family going back to Calrossie Flossy Roma by Millhills Champion, a pedigree which represents strength of family and performance.

Northwood Advance, born March 14, 1961. Out of the \$5,000.00 Northwood Adventure sold to Clarence Ralstin of Kansas. When you see this great bull, his mother and his grandmother, the great Gibbonsdale Broadhooks cow whose daughter sold for \$5,200.00, it should give encouragement in quality and performance.

Northwood Buzzard, born February 20, 1961. He is a good roan bull who created quite a sensation last Fall. His sire is Crichton Buzzard, the Perth Champion in 1960. His dam is a grand Kair Nonpareil female by Glastullich Playboy. This bull has a powerful pedigree and this is the first offering of any Perth Champion Buzzard calf in the United States.

NW Pioneer Major, born December 1, 1960. He is truly a great roan bull with lots of courage and determination of his own to make him a truly great herd sire. Broad, deep rear quarters, perfect back, neck, shoulders, and head.

SPRING SALE OF SHORTHORNS at Northwood Blue Heather Shorthorn Farm - Cary, Illinois SATURDAY, APRIL 28, 1962

We cordially invite your inspection before sale date and ask you to spend a day or two at Northwood to see our program in operation. At sale time, we will meet all planes at O'Hare International Airport. We also invite you to come a few days before the sale to see and inspect our great herd. Please let us make motel reservations for you early, giving dates of your arrival and departure. We are sure that your visit will be a great education, and a profitable trip.

Thanking you for your immediate reply and anxiously awaiting having you as our guests at Northwood.

Sincerely yours,
OTTO, EDNA and BUD GROSSE

Office Phone — ME 9-3801
CARY, ILLINOIS

NW Pioneer Apex, born December 9, 1960. A very heavy, rugged, individual with all the qualities of strength and fortitude that a bull could have. Large and strong with a great head and a great set of legs.

NW Pioneer Fortress, born May 1, 1961. A deep, heavy, thick, broad backed young bull that is everything that any man could wish for in a deep bodied, heavy bull. Notice the width of his shoulders and the deep under line. He just could fulfill the demands of the most scrutinizing buyer.

REMEMBER —
all pictures are
unretouched and
taken by an amateur
photographer,
Bud Grosse.

NW Rosewood Jet, born February 26, 1961. This great Rosewood bull is definitely one of the strongest and greatest bulls ever imported in dam. He is far superior to any Perth Champion we have ever seen. His great depth of body, four beautiful legs, heavy, flat bone, his neck, his character, the width of his back and shoulders, his rear quarters and many other features, the experts say, are making him one of the greatest bulls ever offered in Shorthorn history. See his grandmother, the great Rosewood cow which will be shown here at Northwood. See his mother, Glastullich Princess Erin, from Glastullich Princess Erma by Calrossie Highland Welcome. More strength of family has never been offered in one bull. He has the same dam as Glastullich Dean who sold to Riley of Oklahoma for \$4,600.00 in our Fall sale.

REMEMBER —
**35 Cows
in calf.
15 Bred and
Open Heifers.**

NW Pioneer Skyliner, born February 14, 1961. His name fully describes him. He will be a skyliner in quality and spring of rib. A truly great stock bull. His mother, Kair Orange Princess, is considered the second best cow at Northwood. She has produced four calves and every one has been a skyliner.

NW Rosewood Torment, born February 20, 1961. A great Rosewood calf who is from the great Augusta Annis cow. We have three sisters of his at Northwood and every one is an outstanding, great, powerful female. With the great Rosewood pedigree on the father's side and the great Augusta pedigree on the mother's side, everyone must consider this bull, together with his two brothers, herein described, as offering great pedigree, quality and structure.

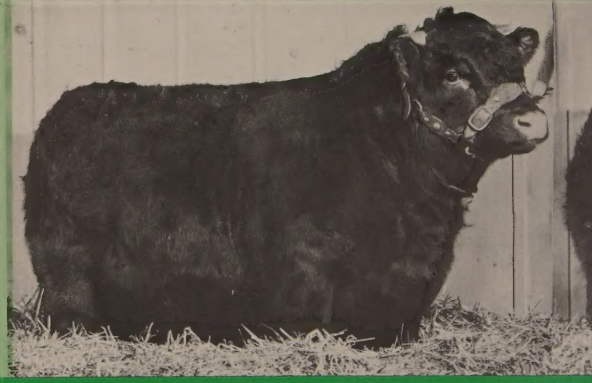

Northwood General, born March 8, 1961. His sire is Adventure who sold to Ralstin at Kansas for \$5,000.00; Adventure's dam is the great Broadhooks cow whose daughter sold for \$5,200.00 in our Fall sale. His dam is a Nonpareil female by Bapton Grandee with a strong pedigree fortifying the present existing quality.

NW Pioneer Crichton, born April 1, 1961. A good, strong, extra deep, heavy yearling bull. He is probably the deepest, thickest set bull ever offered, with a great width of back, depth of neck, width of shoulders and has nothing missing except that you should own him. His sister, as a calf, sold for \$3,400.00 in our Fall Sale.

NW Pioneer Dunbar, born January 12, 1961. He is a big, rugged, heavy bull for his age, with a terrific rear quarter, great depth of body, beautiful back, full neck, and a strong head. His dam is of the famous Floss family going back to Calrossie Flossy Roma and Millhills Champion, a pedigree which represents strength of family and performance. His half sisters sold in our Fall Sale; a \$2500.00 heifer to Franklin of Alabama.

Northwood Courtesy, born January 4, 1961. His sire is Ceremonious whose mother is the great Easterlovat Gloria cow at Northwood. His mother is a Helmor female by Cruggleton Purvis. This is a heavy boned thick, fleshy type of a bull.

NORTHWOOD -- Your Key To Success In Shorthorns

BAPTON PIONEER

Bapton Pioneer is again the undisputed world champion in actual performance. This great bull has been viewed by more ranchers this past six months than any other bull in the Shorthorn industry. Also, by large ranch owners from the southwest, men who have great herds of Shorthorn and Angus and when they see him the remarks generally are as follows:

"The greatest Shorthorn Bull we have ever seen in our lives."

"The kind of Shorthorn that will give every breed competition."

"The kind of Shorthorn that we have been waiting for for a decade."

After seeing his bull calves and his large collection of heifers; every one, including visitors from South Africa, large groups from South America, Australia, New Zealand, and in every country where beef cattle are raised, declared him the most powerful bull in beef history. We are thankful that our efforts in producing better calves have been successful. His crop of sons in this coming sale far exceed anything you have ever seen. They show their superior conformation in everything it takes to make a great bull. MOST OF THE BULLS HERE ARE EQUAL OR SUPERIOR TO THE PERTH CHAMPION are the statements made by a group of Argentine people who came after the Perth Sale. His crop of calves this Fall and Spring, both young bulls and heifers, show greater promise than last year.

**Five cows
that sell.**

**Notice the unusual
thickness, struc-
ture, and size.**

**Four will have
calves at sale
date.**

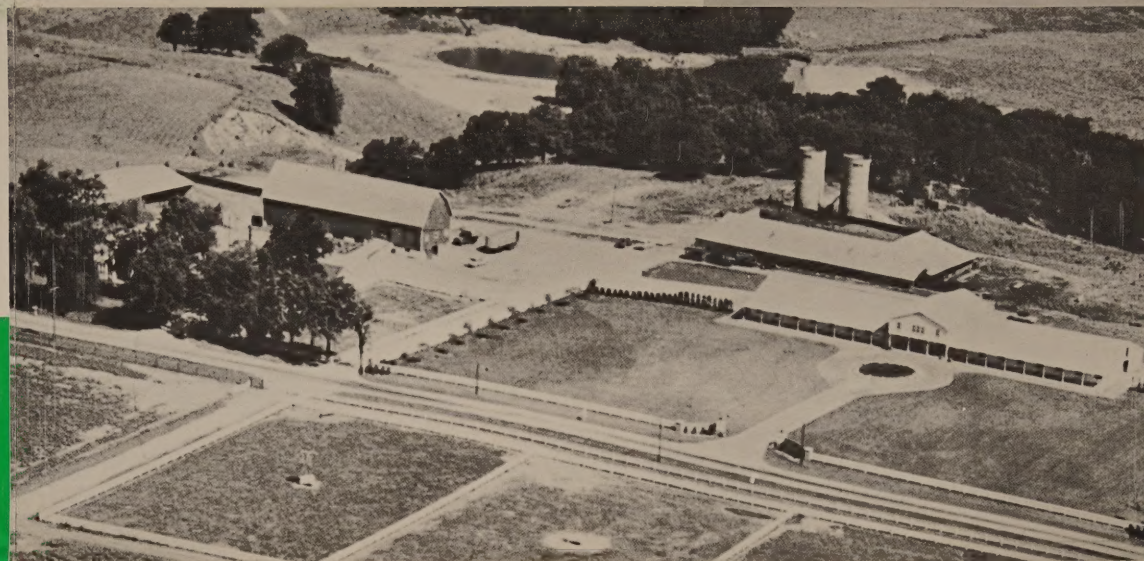

**The best one is
hiding behind
the rear cow.**

HOWARD BELL, Manager

GLASTULLICH VICTOR

Glastulich Victor, the greatest fleshing bull with the best body, spring of rib, rear quarter, and everything that you can expect in a bull if you want to produce beef cattle with meat on their backs. Victor is receiving unanimous acclaim as perhaps being the second greatest bull in North America. Breeders from South America, New Zealand and Australia consider the extra meat that Victor has as one of the greatest assets any Shorthorn bull ever possessed.

One of the very top breeders in Scotland said, "Mr. Grosse, I saw a bull in North America and he is, I think, the greatest Shorthorn bull I have ever seen. I was born on a cattle farm and I have sold the highest priced bulls in the world, but I have never seen a bull that has everything like this bull. Otto, you should go and see him!" I said, "Where is he? I want to see him." He said, "At Northwood: Glastulich Victor. I don't think you have ever seen a bull with his qualities and I don't think there will ever be another one born." This came from one of the greatest cattle men in the Shorthorn breed. Victor Royal, the great bull calf that everyone wanted to buy at our last sale will be presented as the premiere bull from this great herd sire.

The Northwood Cow Herd is considered the strongest, most powerful herd of females ever assembled in one place. We bought the best females in the world, regardless of price. We did not intend to have a sale until next Fall but due to popular demand, people wanting bulls this Spring, and because of many requests, we decided to have a Spring sale.

We sold every bred Pioneer female and many young open females ready for breeding. Therefore, to maintain the standard we had established last Fall, we had to go into our cow herd and pick out 35 fantastic females, the greatest you have ever seen. In fact, many of these animals are irreplaceable in quality, pedigree, size and conformation. Approximately 35 of these will have calves by the side out of Pioneer and Victor and will be rebred at sale time or immediately thereafter to the bull of your choice. Just imagine, a great cow, with a good calf by the side and another one coming, three animals for one. This will give you security as you know just what the cow will do. It will guarantee your future and progress in the Shorthorn industry.

**Three cows
that sell.**

**Two will have
calves by the
side on sale
date.**
